State of Arkansas Hydroxychloroquine Supply Requests

APRIL 10, 2020

Workflow for Requesting Hydroxychloroquine from State Supply (stored at UAMS)

1. Requesting Facilities should email the UAMS Emergency Operations Center (EOC) at UAMSEOC@uams.edu
 - a. Drug request must include:
 - i. Quantity needed
 - i. Intended use
 - ii. Pharmacy license number to verify ability to dispense
 - b. Delivery information must include
 - i. Name of person receiving product
 - ii. Shipping address for delivery of product
2. Requesting Facility will receive an email response from the chief pharmacy officer at UAMS confirming availability, shipping method and expected delivery date
3. Requesting Facility should email the UAMS Emergency Operations Center (EOC) at UAMSEOC@uams.edu to confirm delivery once product is received
4. This medication is being provided FREE of charge to requesting facilities from the State of Arkansas and should not generate a medication charge to patients.
5. Product distribution data will be compiled and made available to appropriate state entities.
6. Shipping hours are 8 am to 4 pm Monday through Friday. Orders will be processed upon receipt and confirmation of all information required for distribution.
