CEASE AND DESIST NOTICE

The outbreak of COVID-19 has resulted in the following: (1) The World Health Organization declaring a pandemic, (2) the President of United States declaring a national emergency, and (3) the Governor of the State of Illinois, JB Pritzker, proclaiming a state disaster. Public officials at the federal, state, and local levels have employed extraordinary measures to protect the health, safety, and welfare of citizens.

Consistent with general health and safety actions taken by many public officials throughout the country, on March 16, 2020, Governor Pritzker issued an Executive Order (COVID 19 EXECUTIVE ORDER NO. 5) mandating that effective 9:00 p.m. on March 16, 2020, all businesses in the State of Illinois that offer food or beverages for on-premises consumption suspend that service. The Governor's Executive Order does not prohibit service of food or beverages by other means, such as take out, in home delivery, drive through, or curbside pickup.

Please be advised that your establishment is required to suspend all on-premises dine-in service immediately as a result of this Executive Order.

Your failure to comply with this Executive Order may result in one or all of the following: (1) the rescission of licenses necessary to operate your business (e.g. liquor license), (2) an order of closure issued by the state or local health department, or (3) civil and/or criminal liability.

It is imperative that you comply to protect the safety and health of your staff as well as your customers. Should you have any questions, please contact your ISP District Headquarters.
